

2025

PACKAGE

A large, dark silhouette of a hand is shown holding a collection of various business and financial icons. The icons are scattered across the palm and fingers, representing a wide range of concepts including finance (dollar signs, coins, credit cards), technology (laptop, smartphone, calculator), industry (gears, factory, tools), and general business (bar charts, pie charts, people icons). The overall theme is a comprehensive 'package' of business solutions or services.

About Neighbourhood Pharmacies

The Neighbourhood Pharmacy Association of Canada (Neighbourhood Pharmacies) is a national, not-for-profit trade association that delivers insights and solutions as a knowledgeable, experienced stakeholder and sought-after thought leader in public health, primary care, and policy development.

With a distinct, pan-Canadian perspective on the frontlines of healthcare and a high-performing leadership role in community health, we are the voice of the pharmacy business in Canada, representing our member organizations as a trusted partner to government within and across jurisdictions.

Vision

Trusted thought leaders in healthcare successfully partnering to shape a healthier tomorrow.

Mission

We are solution-focused partners working for a strong and sustainable pharmacy sector serving the best interests of patients.

Events

Neighbourhood Pharmacies Event Sponsorship Opportunities

Specialty Pharmacy Summit November 6-7, 2025 Sponsorship Opportunities

Specialty medications – high touch, fragile, complex drugs – must be coupled with enhanced pharmacy services to ensure optimal patient outcomes. Join us on November 6-7, 2025, for the only national conference dedicated to serving the medication management needs of these complex patients.

We'll unpack, explore, digest and examine the economic value and benefits these pharmacy-offered services bring to patients taking specialty medications and the entire healthcare system as a whole.

Speakers will shed light on current market trends in this space, practice innovations supporting specialty pharmacy services, patient perspectives on care and new developments in the policy landscape that impact the delivery of care and pharmacy services for patients on specialty medications. Whether you are a manufacturer, a pharmacy operator in the specialty space, a frontline practitioner wanting to know more or you're considering your organization's future growth in specialty pharmacy services, this event is for you!
